

HASSAN MUNDHER ABDULWAHID

Junior Civil Engineer | Site Engineer | Finishing Engineer

Khor Al-Zubair, Basra | eng.hasanm@yahoo.com | +9647838953531 | www.linkedin.com/in/hasanmundher

PROFESSIONAL SUMMARY

A Civil Engineering graduate, born on 29/05/2002. Holds a Bachelor's degree in Civil Engineering (2025–2026), with solid practical experience in construction projects including residential buildings and multi-story structures. Skilled in engineering software such as AutoCAD, ETABS, STAAD Pro, SAP2000, SAFE and MS projects, along with proficiency in Microsoft Office, with a strong ability to read and interpret engineering drawings. Demonstrates a good command of English and a strong preference for office-based work, particularly in design, analysis, and engineering documentation. Committed to delivering high-quality work and contributing effectively to engineering teams

WORK EXPERIENCE

Basra - Al-Farah Residential Complex

Summer 2025

- Al-Farah Residential Complex – Three-week internship

Summer Intern

July 2025

- Southern General Fertilizer Company

Basra - Khor Al-Zubair

2023-2025

- Participated in the construction of several residential houses, gaining practical exposure to site activities and basic construction processes.

EDUCATION

Bachelor's Degree in Civil Engineering

SHATT AL-ARAB UNIVERSITY – College of Engineering

Basra, Iraq

Graduated: 2025-2026

SKILLS

- Proficient in reading and interpreting engineering drawings and structural plans.
- Skilled in site surveying and leveling using leveling instruments (Auto Level).
- Experience in preparing and updating work progress schedules and tracking project timelines.
- Excellent command of engineering software:
 - STAAD Pro (Very Good)
 - AutoCAD (Very Good)
 - Safe (Good)
 - SAP2000 (Good)
 - Etabs 20 (Good)
 - Revit Structure (Good)
 - MS Project (Good)
- Advanced use of Excel for calculations and Word for technical reports.
- Strong problem-solving and decision-making skills on site.
- Committed to maintaining site safety and quality standards

CERTIFICATIONS

- Health and Safety course - Microtech
- Certificate of Participation the Civil Quality Control and Assurance - Microtech
- ISO 9001:2015 Non-conformances and Corrective Actions Explained – Alison

- Diploma in MS Project for Civil Engineer -Expert-Level Proficiency – Alison
- Introduction To Drilling – English - online Drilling Course
- Introduction To OSH Academy - Online OSHA Academy
- Learn English from scratch - M3aarf Certificate
- Introduction To OSHA - NYC Construction Safety Training LLC
- Inventory Management - HP LIFE

Project

Graduation Project – Multi-Story Steel Structure Building

Designed and analyzed a multi-story steel building using structural engineering principles. Prepared architectural drawings using AutoCAD and performed structural analysis and design using STAAD Pro. Conducted load calculations and ensured compliance with relevant design codes to achieve a safe and efficient structural system.

Civil Engineering Application – Personal Project

Designed and developed a civil engineering application consisting of four main modules to assist engineers in quantity takeoff and construction calculations. The application includes:

- Brick quantity calculation module
- Construction materials estimation (plaster, excavation, sand, and concrete)
- Reinforcement steel calculation for foundations, slabs, and columns
- Finishing materials calculation including ceramic and tile quantities

The application aims to improve accuracy, reduce manual errors, and save time in both site and office work.

Certificate of Completion

Hasan Mundher Abd-Elwahid

has successfully completed the HP LIFE online course

Inventory Management

By completing this course, the above-named student has learned new skills including how to manage inventory successfully and how to use and choose the best technology to manage inventory in their business.

Presented 7/24/2025

Stephanie Bormann
Deputy Director, HP Foundation

This is to certify that

Hasan Mundher Abd-Elwahid

*Has successfully completed all assignments and final exam requirements for the following
OSHAcademy Occupational Safety & Health Course:*

Introduction to OSHAcademy

Topics covered in this training include: OSHAcademy Training: Courses, Programs, Learning Partnerships, Articulation Agreement, Kudos; Training Courses: Modules, Sections, Navigating Between Modules and Sections, Quiz Questions, Course Exams; Student Dashboard: Student Transcript, Student Training Record Card, Enrolled Courses and Programs, Student Profile, Course and Program Enrollment, Shopping Cart, Transactions; Official Documents: Certificate Packages, Official Transcripts, Training Record Card, Course and Program Certificates, and Validate Training.

Steven J. Geigle, MA, CET, CSHM
Director, Instructor
OSHAcademy Safety and Health Training

This training complies with OSHA standards and conforms with ANSI/ASSP Z490.1 and ISO 45001 guidelines for Safety, Health, and Environmental (SHE) Training. OSHAcademy training is widely recognized by government agencies, colleges, technical schools, and businesses. OSHAcademy training also qualifies for Continuance of Certification (COC) points toward professional recertification.
