

Hassan Munther Abdul-Wahid

Civil Engineer | Site Supervision, Blueprint Auditing & Technical Office

Basra - Khor Al-Zubair, Iraq | Phone: +964 783 895 3531 | Email: hasanmthr02@gmail.com
Portfolio: [hassanm.vercel.app](#) | LinkedIn: [linkedin.com/in/hasanmundher](#)

PROFESSIONAL SUMMARY

Dedicated Civil Engineer with a strong foundation in structural design, on-site supervision, and civil construction. Skilled in reading and auditing blueprints, precision leveling via Auto Level, and geotechnical soil testing. Proficient in engineering software (STAAD.Pro, AutoCAD, Revit, ETABS, SAFE). Combines field execution acumen with software development capabilities, having engineered the CivilEng Android application and the Civil Eng Pro web platform. Certified in OSHA safety, QA/QC management, and MS Project.

EDUCATION

Bachelor of Science in Civil Engineering | Shatt Al-Arab University, Iraq (2025 - 2026)

- Graduation Project:** Comprehensive structural analysis and design of a multi-story steel building (G+3) using STAAD.Pro, compliant with AISC codes for gravity, wind, and seismic loads.

WORK & FIELD EXPERIENCE

Civil Engineering Site Intern | Al-Farah Residential Complex, Basra (July 2025)

- Conducted on-site supervision across construction phases, auditing architectural and structural blueprints to verify compliance.
- Operated Auto Level surveying instruments to establish structural elevations, axis alignments, and precision benchmarks.

Engineering Summer Intern | General Company for Fertilizer Industries (Summer 2025)

- Interpreted detailed blueprints, conducted geotechnical soil investigations, laboratory soil tests, and compaction evaluations.
- Inspected heavy industrial steel structures and strictly adhered to plant occupational health and safety regulations.

KEY PROJECTS & SOFTWARE INNOVATIONS

CivilEng Mobile Application (Android APK) | Engineering Software Development (2026)

- Engineered an Android app to streamline field calculations: rebar weight estimation, staircase design, and quantity takeoffs.

Civil Eng Pro Platform & Residential Designs | Web & Structural Drafting (2025 - 2026)

- Deployed [hassanm.vercel.app](#) and produced comprehensive architectural and structural layouts using AutoCAD & Revit.

CERTIFICATIONS & TRAINING

- Occupational Health & Safety (OSHA) - MicroTechnic
- Civil Quality Control & Assurance (QC/QA) - MicroTechnic
- MS Project Engineering Management Diploma
- ISO 9001 Inventory Management & Corrective Actions

TECHNICAL & PROFESSIONAL SKILLS

Structural Software: STAAD.Pro, AutoCAD, ETABS & SAFE, SAP2000, Revit Structure, MS Project, Microsoft Office.

Field & Site Operations: Blueprint Reading & Auditing, Auto Level Surveying, Soil Testing, QC/QA Inspections, OSHA Safety.

LANGUAGES

Arabic: Native Proficiency | **English:** Upper-Intermediate (B1 / B2) | **Spanish:** Elementary (A1 / A2)
